

Techmarobea Resources

TECHMAROBEA RESOURCE PTY LTD – SOUTH AFRICA OPERATIONS

One of our biggest projects In South Africa, is an opportunity we were awarded by the Beaufort West Municipality to build a Smart City. This project will be done in phases and phase 1 requires a capital injection of **R5 Billion**.

This phase is key in setting the foundation for the ground breaking Smart- West Program of the Beaufort West. The infrastructure project includes Water Reticulation, a Solar Farm, sewage Plant upgrade, Fibre Network and Bulk road infrastructure build, upgrade & maintenance

TECHMAROBEA RESOURCE PTY LTD – GHANA OPERATIONS

Our Ghana Operations covers 10 projects to convert waste into products that will enhance the environment and aim to help Ghana meet its UN Development Goals and work towards the Presidents vision of making Ghana Clean.

Our main products are : Diesel Fuel, Bio- gas, Solar Energy and Compost Fertiliser. Three projects are shovel- ready to move. The Amasaman -Konkon Project, Cape Coast Project and Koforidua -Kukorantumi Project. Any update on our Ghana operations, visit here.

We are doing this in partnership with the Government of Ghana on its initiative (1D1F). We have on board ADNS, Africa Development Norway Systems, Kylla, GIEK, Nudfund with our Technology Provider Combi.

We share office with Property Express Group Building at Ofankor -Accra.
